Fill Out the Petition Below to help Lower Gas Prices

Dear Mr. President:

I am joining Governor Janet Napolitano in strongly urging you to ask Congress for a comprehensive bill that caps corporate oil profits and lowers gas prices. We have been battling high gas prices for far too long and we demand a change.

The excessive profits oil companies are receiving at the American public's expense must be stopped. As our leader, you have the responsibility to ensure we are receiving goods and services at a fair price. You said in your State of the Union address that America is addicted to oil. It is time to tell the energy companies that you will not stand idly by and watch them drain America's pocketbook.

Please insist on a plan from Congress by Memorial Day that ensures the American public will have reasonably prices gasoline and takes major steps toward weaning the United States off this oil addiction.

Thank you,
